

## Information about Chasa Bao

### Garage

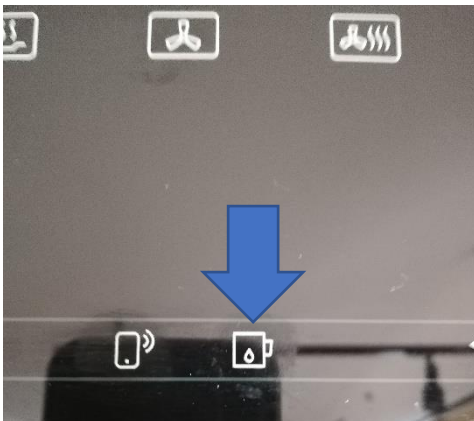

- The garage door can be opened with the remote control. Please use only the upper button for opening and closing.
- The gate can also be opened by code. The code is 0165.  
The key for the door to the garage is the one which isn't green.
- The washing machine can only be operated when the drum is closed. The same applies to the tumbler.

### Kitchen

- Coffee machine: In order to select coffee with milk, the milk container must be in the machine:

- Open refrigerator: press in the lower left corner to open it (not just "touch").
- Same with the freezer - just press in the middle.
- Please leave the Sodastream on the wooden coaster as it leaks sometimes.
- In order to use the steamer, water must be filled into the right-hand container:

- Pots / pans etc. are in these drawers next to the sink (touch):

- The dishwasher opens automatically after it is finished. To close it again, it must first be opened completely.

### Balcony

- Please take the carpet back into the apartment after use / please do not leave it outside in the rain. Thank you very much.
- Solar panels are stowed in the living room (to the left of the sofa).

### General

- There is table paper in the cupboard under the coffee machine. You are welcome to use this indoors/outdoors when using the grill or raclette oven to avoid splashes.
- There is a small table underneath the raclette oven that can be assembled. The table grill is compatible with this table.

Where to find everything:
